

Reach /Echa /Candidate List of Substances of Very High Concern

PRODUCT: Power-Sonic Valve Regulated Lead-Acid (VRLA) Batteries

NAME & ADDRESS: Power-Sonic Europe Ltd, 3 Buckingham Square, Wickford, Essex, SS118YQ, United Kingdom

REACH is a European Union regulation concerning the Registration, Evaluation, Authorisation and restriction of Chemicals. It came into force on 1st June 2007 and replaced a number of European Directives and Regulations with a single system.

ECHA

The European Chemicals Agency (ECHA) is the driving force among regulatory authorities in implementing the EU's chemicals legislation for the benefit of human health and the environment as well as for innovation and competitiveness. ECHA helps companies to comply with the legislation, advances the safe use of chemicals, provides information on chemicals and addresses chemicals of concern.

The Candidate List of Substances Of Very High Concern (SVHC) now contains 174 substances.

The Candidate List of SVHC can be viewed at: <http://echa.europa.eu/candidate-list-table>

None of the raw materials or components contained within Power-Sonic VRLA Batteries contain any substance on the Candidate List of SVHC, or in the Restricted List of Annex XVII of REACH above the 0.1% limit.
